more than just berries...

Farm Fresh News

Issue 2 June 10, 2009

We want to thank all of you that have visited the farm so far this year! The strawberry season has just a few more days left, so if you haven't had your fill please don't delay. We will be offering produce throughout the summer and autumn from growers right here in Indiana that we have known and respected for years. The list includes: Tuttle Orchard (Hancock County), Garwood Orchard (Laporte), Melon Acres (Carlisle), and others. Soon we will have Indiana

tomatoes, zucchini, yellow squash, Lodi apples (Lodi is used to make a wonderfully smooth apple sauce), and other seasonal produce. We will have "super-sweet" sweet corn around the second week in July.

Don't forget to visit our Sweet Shop for pies, ice cream, and fudge for Father's Day. We appreciate all of you, and look forward to seeing you this summer!

Black Raspberries

Many of you have been asking, "when will the black raspberries be ready to pick?" The answer is **SOON**. We say mid-June; and right now it looks like within the next 1-2 weeks. So plan your trip to see us; you won't want to miss out!

Blueberries

Our blueberries are coming along nicely. They should be starting to ripen over the next 1-2 weeks. In addition to picking blueberries from our fields, we are taking orders for those of you who are wanting large amounts of blueberries. This is our fourth year to provide beautiful handpicked blueberries

from Degrandchamp Blueberry Farm in South Haven, Michigan. These blueberries will be handpicked in the morning, we pick them up in the afternoon, and you can pick them up the next morning ~ less than 24 hours off the bush!! This has become very popular due to the quality of fruit.

Orders will be taken for a minimum of Ten (10) pounds which costs \$32.00, the same great price as last year. The dates for pick up will be ~July 16 & 23. **Please contact us at 317-776-1560** to place your order today. Remember, blueberries are extremely easy to freeze!
